TO ALL USERS ON PRIORITY SCHEDULE:

As agreed at the meeting of the water users on Cottonwood Creek held February 10, 1967, a preliminary priority schedule discussed at that meeting has been revised in accordance with the suggestions made at that meeting.

We are transmitting to you a copy of the revised schedule for your further study. This priority schedule is for distribution purposes only and is not binding on the determination of water rights being prepared for the San Rafael Adjudication. However, if any water right picture reflected by this schedule is incorrect, we would appreciate having it called to our attention.

If you have any questions concerning this distribution schedule contact Earl Staker at Post Office Box 723, Price, Utah, Tel: 637-1303, or the State Engineer at 442 State Capitol, Salt Lake City, Utah.

Yours very truly,

Hubert C. Lambert
